The regulations in this article, in compliance with the Compassionate Use Act, the Medical Marijuana Program Act, and the California Health and Safety Code (collectively referred to as "State Law") do not interfere with a patient's right to use medical marijuana as authorized under State Law, nor do they criminalize the possession or cultivation of medical marijuana by specifically defined classifications of persons, as authorized under State Law. Under State Law, only qualified patients, persons with identification cards, and primary caregivers may cultivate medical marijuana collectively. Medical marijuana collectives shall comply with all provisions of the Los Angeles Municipal Code ("Code"), State Law, and all other applicable local and

2. Notwithstanding the maximum number of collectives described above, every medical marijuana collective, dispensary, operator, establishment, or provider that (1) was registered pursuant to Interim Control Ordinance No. 179,027 with the City Clerk's office on or before November 13, 2007, (2) has operated continuously at its registered location since on or before September 14, 2007, or has both moved once within the City due to an enforcement letter from a federal governmental entity and filed a hardship exemption application pursuant to Interim Control Ordinance No. 179,027, (3) has the same ownership and management as it identified in its registration with the City Clerk's office, (4) has not been cited by the City for a nuisance or public safety violation of State or local law, and (5) complies currently or identifies to the City during the preinspection process a new operating location that meets all of the distance requirements of Section 45.19.6.3 A.2. of this article may be eligible to register and operate if it immediately complies with all provisions of State Law, and within 180 days after the effective date of this ordinance completes its compliance in full with each provision of this article. Any collectives allowed to register and operate in excess of 70 shall also be proportionally distributed by Community Plan Area, based on each Community Plan Area's percentage share of the City's total Community Plan Area population, as estimated by the Department of City Planning as of October 1, 2008 on Table 1, above. In determining the number of collectives allowed in each Community Plan Area, the Department of City Planning shall apply these percentages to the total number of collectives that file their intent to register with the City Clerk pursuant to Subsection C.1., below.

3. The total population of the City, the population of the Community Plan Areas; and whether the citywide and Community Plan Area caps meet the needs of qualified patients, persons with identification cards, and their primary caregivers may be reviewed and the caps may be amended by ordinance after notice and hearing by the City Council.

### C. Priority Order.

1. All collectives that meet the requirements set forth in Paragraph 2. of Subsection B., that notify the City Clerk within one week after the effective date of this ordinance of

their intention to register under this Article and pay a fee of \$324.00 to the City Clerk and a fee of \$151.00 to the Los Angeles Police Department for each owner and/or member engaged in the management of the collective shall be eligible to apply for pre-inspection pursuant to Subsection D., below. The City Clerk shall use the date and time that these collectives registered with the City pursuant to Interim Control Ordinance No. 179,027, as evidenced by the date and time stamp placed on each registration form by the City Clerk, to determine the priority order in which the Department of Building and Safety will conduct the pre-inspections of these collectives. However, no collective may file their notice of intent with the City Clerk if one or more of its owners or members engaged in its management were convicted currently or within the previous ten years of a felony or a crime of moral turpitude, or are currently on parole or probation for the sale or distribution of a controlled substance. **(Amended by Ord. No. 181,157, Eff. 6/7/10.)**

2. If at any time after 180 days following the effective date of this ordinance, the total number of registered collectives in the City falls below 70, the City Clerk may hold one or more drawings for the purpose of determining the priority order in which the Department of Building and Safety will consider pre-inspection of these additional collectives. Any collective that notifies the City Clerk within one week after the publication of the date of a priority drawing and pays a fee of \$50.00 to the City Clerk and a fee of \$151.00 to the Los Angeles Police Department for each owner and/or member engaged in the management shall be eligible to participate in the drawings. However, no collective may participate in a drawing if one or more of its owners or members engaged in its management were convicted currently or within the previous ten years of a felony or a crime of moral turpitude, or are currently on parole or probation for the sale or distribution of a controlled substance. **(Amended by Ord. No. 181,157, Eff. 6/7/10.)**

The City Clerk shall: create the entry form for participation in the drawings; set the deadline for submittal of all entry forms; establish and publish the drawings' dates, times, and places; publish the results of all drawings; and have the authority to promulgate additional drawing rules and regulations. All such rules and regulations shall be published once in a daily newspaper of general circulation in the City, and shall take effect upon publication. A member engaged in the management of the collective must be present at a drawing in order for the collective to participate.

The order established by the City Clerk in the drawing shall be used by the Department of Building and Safety to determine the order in which the Department of Building and Safety will conduct preinspections pursuant to Subsection D., below, of the collectives that are eligible to register pursuant to this subdivision.

**D. Preinspection.** A collective that is eligible to apply for preinspection pursuant to Subsections B. or C., above, may thereafter apply to the Department of Building and Safety for preinspection to verify compliance with the standards set forth in Section 45.19.6.3 A. of this article. The collective shall provide the address of the proposed collective location; the name, telephone number, and address of a person authorized to accept service of process for the collective; the name(s), telephone number(s), and

address(es) of each member engaged in the management of the collective; and a 1,000-foot radius map signed by a licensed civil engineer, architect or land surveyor, that locates and identifies all sensitive uses set forth in Section 45.19.6.3 A.2. of this article. A preinspection fee pursuant to Section 91.107.3.2 of this Code, plus a research fee for a minimum of three hours of time pursuant to Section 98.0415(f) of this Code, and a registration fee of \$688.00 plus any applicable surcharges, shall be paid to the Department of Building and Safety at the time of a request for preinspection. The Department of Building and Safety shall proceed by priority order within each Community Plan Area to evaluate the compliance of the proposed collectives with the requirements of Section 45.19.6.3 A. of this article. Once the Department of Building and Safety has determined that the maximum number of collectives authorized by Subsection B. of this section complies, the Department of Building and Safety shall stop determining the compliance of more collectives. Any collective not in compliance with the requirements of Section 45.19.6.3 A. of this article, as determined by the Department of Building and Safety, or not considered for compliance because the cap had already been met, shall be notified by the Department of Building and Safety that it is disqualified from the preinspection and registration process and that it may enter any future drawing conducted in accordance with Subsection C., above. **(Amended by Ord. No. 181,157, Eff. 6/7/10.)**

E. **Notice of Preinspection.** Prior to accepting an application for preinspection, the Department of Building and Safety shall require proof that the collective has provided written notice to the Police Department, all property owners and occupants within and outside the City that are within 1,000 feet of the exterior boundaries of the location, and to the City Council member of the district in which the collective is proposed to be located, the Certified Neighborhood Council, and any Business Improvement District ("BID") representing the area in which the collective is located, of: the preinspection request; the proposed location of the collective; the name, telephone number, and address of a person authorized to accept service of process for the collective; the name(s), telephone number(s), and address(es) of each member engaged in the management of the collective; and the onsite telephone number at the collective and the name of the member engaged in the management of the collective who is responsible for receiving, logging, and responding to complaints regarding the collective. This notification shall be sent by certified mail, postage prepaid, and return receipt requested. Notices to property owners shall be sent to the last known name and address as shown on the records of the City Clerk or the records of the County Assessor; notices to occupants of all residential, commercial and industrial property can be mailed to "occupant". Proof of mailing shall be established if the collective files an affidavit of mailing with the Department of Building and Safety certifying the date on which the notice was sent, a copy of the notice, and a complete list of the names and addresses where the notice was sent. **(Amended by Ord. No. 181,157, Eff. 6/7/10.)**

F. **Registration Form.** **(Amended by Ord. No. 181,157, Eff. 6/7/10.)** Upon receipt of a Department of Building and Safety pre-inspection report verifying compliance with the standards set forth in Section 45.19.6.3 A. of this Article, the collective shall file a registration form with the Department of Building and Safety. The

registration form shall require the following accurate and truthful information: the address and physical description (e.g., one-story commercial building, etc.) of the proposed location at and upon which the collective will be located; the name, telephone number, and address of a person authorized to accept service of process for the collective; the name(s), telephone number(s), and address(es) of each member engaged in the management of the collective; the onsite telephone number at the collective and the name of the member engaged in the management of the collective who is responsible for receiving, logging, and responding to complaints regarding the collective; and any other information reasonably required to show that the collective complies with this Article. In addition, the registration form shall confirm the consent by the collective, without requirement for a search warrant, subpoena or court order, for the inspection and copying by the Police Department of the recordings and records required to be maintained under Sections 45.19.6.3, 45.19.6.4, and 45.19.6.5 of this Article, except that private medical records shall be made available by the collective to the Police Department only pursuant to a properly executed search warrant, subpoena, or court order.

The collective shall file an updated registration form quarterly, but only if there were changes during the previous quarter to any of the information provided in the initial registration form or any change in status of compliance with the regulations set forth in Section 45.19.6.3 of this Article. Each updated registration form shall be accompanied by a fee of \$140.00 plus any applicable surcharges. If an enforcement action has been filed against the collective for any violation of this Article, the updated registration form shall include the names of all of the members of the collective. A change of location cannot be accomplished by an updated registration form, but shall instead require a new pre-inspection and registration. Each and every member who is engaged in the management of the collective shall print his or her name and sign the initial registration form and any subsequent updated registration form, under penalty of perjury certifying that all information contained in the registration form is true and correct. It shall be the sole responsibility of the members engaged in the management of the collective to ensure that all forms and documents are submitted as required by this Article and that the information provided is accurate, complete and timely submitted. A collective cannot operate under an updated registration until the updated registration has been filed with the Department of Building and Safety and the appropriate fee has been paid.

**G. Additional Registration Documents.** As attachments to the original and any subsequently updated registration form, the collective shall provide to the Department of Building and Safety: (1) proof that the property owner of the location, and landlord if applicable, was given written notice sent by certified mail, postage prepaid, and return receipt requested that the collective intends to file the registration form and that the owner of the location, and landlord if applicable, has received a copy of the information contained in the registration form; (2) for each member engaged in the management of the collective, a fully legible copy of one government-issued form of identification, such as a social security card, a state driver's license or identification card, or a passport; and (3) the collective's Certificate of Occupancy within 10 days of issuance.

**H. Registration Timetables.** All collectives that meet the requirements described in Subsection B., above, shall comply with the following timetable: (1) they shall notify the City Clerk of their intent to register under this article within one week after the effective date of this ordinance; (2) they shall complete their preinspection obligations under Subsections D. and E., above, within thirty (30) days after receiving priority under Subsection C., above, to apply for preinspection; and (3) they shall comply in full with all registration and other provisions of this article within 180 days after the effective date of this ordinance. All other collectives shall comply with the following timetable: (1) they shall notify the City Clerk of their intent to register under this article within one week after the publication by the City Clerk of the date of a priority drawing that will be conducted because the total number of registered collectives in the City has fallen below 70; and (2) they shall complete their preinspection obligations under Subsections D. and E., above, within thirty (30) days after receiving priority order under Subsection C., above, to apply for preinspection; and (3) they shall comply in full with all registration and other provisions of this article within 180 days after the publication by the City Clerk of the date of a priority drawing that will be conducted because the total number of registered collectives in the City has fallen below 70. A collective that does not comply with its applicable timetable shall be disqualified from further participation in the registration process.

For the purposes of this subsection, a collective shall be in compliance with Section 45.19.6.3 A. of this article if it has obtained all required building permit(s) and the permit(s) is valid and has not been expired by the Department of Building and Safety pursuant to the provisions of Section 98.0602 of the Code. Notwithstanding the provisions of Section 12.26 A.3. of the Code, the submission of plans sufficient for a complete plan check and the payment of a fee shall not confer a vested right to establish a collective. The provisions of Section 91.106.4.3.1 of this Code shall apply to any building permit issued for a collective.

**I. Completed Registration.** The Department of Building and Safety, after verification that all required fees have been paid, shall mail proof of a completed registration and any subsequent updated registration to the person authorized to accept service of process on behalf of the collective, to the owner of the location, the City Council member of the district in which the collective is located, the Certified Neighborhood Council, and to any applicable Business Improvement District ("BID") in which the collective is located.

**J. Term of Registration / Renewal.** Each registration shall expire two years from the date the Department of Building and Safety mails proof of the completed registration to the person authorized to accept service of process on behalf of the collective or upon the sunset of this article, whichever occurs first. In the event of an extension of the sunset of this ordinance, a collective that has operated at all times in strict compliance with this article may seek to renew its registration 90 days prior to the registration's expiration. The process for renewal of the registration shall be the same as the process for the original registration as set forth in this section. Upon registration expiration, the collective shall cease all operations.

K. **Registration Null and Void.** A registration accepted as complete under this article shall become null and void upon the cessation of marijuana cultivation at the location for 90 days or longer, upon the relocation of the collective to a different location, upon conviction of the collective or any of its members for a violation of a provision of this article, two years after the issuance of the registration as set forth in Subsection I., above, or upon the expiration or sunset of this article.

D. It shall be the sole responsibility of the members engaged in the management of the collective to ensure that the collective is at all times operating in a manner compliant with all applicable state laws and this article. Additionally, as a nuisance per se, any violation of this article shall be subject to injunctive relief, revocation of the collective's registration, revocation of the certificate of occupancy for the location, disgorgement and payment to the City of any and all monies unlawfully obtained, costs of abatement, costs of investigation, attorney fees, and any other relief or remedy available at law or equity. The City may also pursue any and all remedies and actions available and applicable under local and state laws for any violations committed by the collective and persons related or associated with the collective.

Notwithstanding an initial verification of compliance by the collective with the preinspection requirements set forth in Section 45.19.6.3 A. of this article prior to the filing of the registration form, any collective later found to be in violation of any of the preinspection requirements at any time is subject to the enforcement provisions provided in this section.

Re: Registration Pursuant to Los Angeles Municipal Code Section 45.19.6.2

Dear [ ]:

The City Clerk's Office is in receipt of your Notice of Intent to Register as a medical marijuana collective pursuant to Los Angeles Municipal Code ("LAMC") Section 45.19.6.2. As part of the registration process, we require the following information:

1. The name(s) of the collective's management.
2. A Live Scan report for the collective's management.

Please deliver this information to the City Clerk's Office located at 200 North Spring Street, Room 395, Los Angeles, CA 90012 **no later than 4:30 p.m. on July 2, 2010**. If a completed Live Scan report cannot be obtained in this time frame, a receipt from Live Scan that confirms the order of a Live Scan report on the collective's manager(s) will be conditionally accepted and is required.

If the City Clerk's Office does not receive this information by the deadline stated above, the City Clerk **will issue a final and irrevocable determination that your collective is not eligible to register under LAMC Section 45.19.6.2.**

Nothing in this letter shall be construed as an indication that your Notice of Intent to Register package is otherwise complete or correct. Such package is currently under review.

Sincerely,

June Lagmay  
City Clerk

RE: Eligibility under Los Angeles Municipal Code 45.19.6 et seq. ("Medical Marijuana Ordinance")

This letter is to inform you that this office reviewed your Notice of Intent to Register under Los Angeles Municipal Code ("LAMC") §§45.19.6 et seq. ("Medical Marijuana Ordinance") and has determined that you meet the eligibility requirements of LAMC §45.19.6.2.C.1.

However, at this time, the City Clerk will not issue the priority order list described in LAMC §45.19.6.2.C.1. and therefore no medical marijuana collective ("Collective") will be able to apply for pre-inspection with the Department of Building and Safety, as described in LAMC §45.19.6.2.D. Instead, the City will now seek judicial consideration of the City Clerk's application of LAMC §45.19.6.2.C.1, through a lawsuit involving those Collectives who have been classified as ineligible to register and receive priority order.

We will notify you again when the matters of eligibility and priority order are either provisionally considered or rejected by the court. Only at that time will a priority list be made available and pre-inspections will be able to commence. **Until then, you are not precluded from continuing your interim operation as a Collective as long as you comply with all other provisions of California State Law.** Nothing in this letter shall be construed as a grant of any permanent or vested right to continue operation; nor shall this letter be construed as permission to conduct activities that are otherwise illegal under state or local law.

We take this opportunity to remind all Collectives that if the number of registered Collectives drops below 70 citywide after the first registration period concludes, they will be eligible for the priority order drawing described in LAMC §45.19.6.2.C.2.

Sincerely,

June Lagmay  
City Clerk

RE: Ineligibility under Los Angeles Municipal Code 45.19.6 et seq. ("Medical Marijuana Ordinance")

This letter is to inform you that this office reviewed your Notice of Intent to Register under Los Angeles Municipal Code ("LAMC") §§45.19.6 et seq. ("Medical Marijuana Ordinance") and has determined that you do not meet the eligibility requirements of LAMC §45.19.6.2.C.1. for the following reasons:

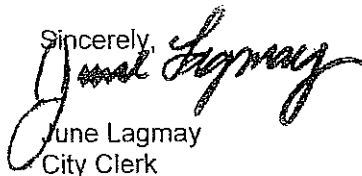

- Non-continuous operation
- Location change without required documentation
- Moved more than once
- No federal government enforcement letter
- No hardship application filed for Interim Control Ordinance 179027
- No hardship application filed due to withdrawal of hardship application
- Ownership change
- Management change
- No management information submitted
- Member of ownership and/or management failed Live Scan

However, at this time, the City Clerk will not issue the priority order list described in LAMC §45.19.6.2.C.1. and therefore no medical marijuana collective ("Collective") will be able to apply for pre-inspection with the Department of Building and Safety, as described in LAMC §45.19.6.2.D. ## Medical Marijuana Collective Applicants - Background Clearance Process

Section 45.19.6.3 B.14 of the Los Angeles Municipal Code states, in part:

"A person who has been convicted currently or within the previous 10 years of a felony or a crime of moral turpitude, or who is currently on parole or probation for the sale or distribution of a controlled substance, as determined by the Police Department, shall not be engaged directly or indirectly in the management of the collective."

In order to demonstrate compliance with this section, any and all persons filing a Notice of Intent to Register as a medical marijuana collective are required to submit a Live Scan report and be cleared by the Los Angeles Police Department (LAPD) prior to such filing. In order to ensure that the report submission process and the Police Department review can be completed prior to submission of the application to the City Clerk, the following steps should be followed:

1. No less than six (6) weeks prior to filing with the City Clerk, choose a Live Scan provider and submit to the Live Scan protocol. Please use the form provided by the City, as it includes delivery information necessary to ensure the report gets to LAPD. A list of providers can be found online at the following address: <http://ag.ca.gov/fingerprints/publications/contact.php>.
2. After submitting the Request for Service and completing the protocol and after the Live Scan provider has completed their portion of the form, the applicant should make three copies of the Request for Service form. One should be kept for the applicant's records. One copy should be mailed to LAPD at P.O. Box 30158 Los Angeles, CA 90030 with payment totaling \$151. Please make payment payable to the Los Angeles Police Department and note the name of the collective on the payment. After the form and payment is mailed, contact Lt. John King of LAPD at (213) 972-2566. Provide Lt. King with the applicant's name, collective name, and address of the collective.
3. Once the Live Scan report and the payment have been received, LAPD staff will review the report and make a determination of eligibility. Notification of this determination will be mailed to you at the address listed on your Live Scan Request Form.
4. When the filing period opens and you file with the City Clerk, both the third copy of the Live Scan Request Form and a copy of the eligibility determination from LAPD should be included with your application.

### SPECIAL NOTES:

Each individual to be named on the Notice of Intent to File submitted to the City Clerk must submit a Live Scan and pay the \$151 fee to LAPD. If all individuals named are not cleared by LAPD, the collective's application will not be accepted.
